

**Tirecraft Vernon (Peter's Tire) Website Comment**

December 23, 2011

I would like to thank Nick, Nelson & Matt for dealing with a situation that occurred at the start of November. We had our wires crossed about a servicing yet they were very professional and were able to take care of the confusion in a timely matter. I have been meaning to add my thanks back in November but misplaced my paperwork until today. I believe any time is a good time to receive positive comments on your employees. Since the good service I returned again to have my wife's car serviced.

Sincerely,  
Cliff V.
